SCOPE

The conference is aimed to serve as an international forum for effective exchange of scientific knowledge and experience among researchers active in various theoretical and applied areas of electronic equipment, communication, automatic control, applied informatics, information technology and computer science.

The program will include plenary and regular sessions, special sessions, workshops, discussions' groups and social events. The conference's official language is English.

AREAS OF INTEREST:

- ✓ **Electronic circuits and equipments;**
- ✓ **Communications;**
- ✓ **Software, databases, and computer applications;**
- ✓ **Artificial Intelligence, including Expert systems;**
- ✓ **Signal and image processing;**
- ✓ **Microwaves-techniques and technologies&EMC;**
- ✓ **Bio-medical applications & biomaterials;**
- ✓ **Control, robotics and mechatronics;**
- ✓ **Electrical engineering applications;**
- ✓ **Energy & Environmental issues;**
- ✓ **Educational multimedia applications;**
- ✓ **Other topics are welcome.**

INSTRUCTIONS FOR AUTHORS

The length of a paper should be of minimum 4 pages. Please follow carefully the *Instructions for Authors and use the IEEE-Template-styles*. Each contributor (corresponding author or co-author) can submit **maximum three papers**.

Special/Invited SESSIONS (proposed by contributors)

Special/Invited sessions will include 4-5 invited papers. These papers should present a cohesive and comprehensive discussion of a relevant topic, consistent with the conference topics. The chairs could nominate an invited paper (30 minutes will be allocated for this presentation in the session). **Prospective organizers** are invited to submit by email the proposed session title and the extended (two pages) abstracts or the full papers. Deadlines for submission are mentioned below.

POSTERS and EXHIBITION

Appropriate facilities for posters advertising and products exhibiting will be available. These are specially addressed to the research institutions/centers for their recent and relevant achievements. For more details about this opportunity, please contact the Organizers.

IMPORTANT DEADLINES

November 1, 2023	Start Date for Paper Submissions (first call for papers)
Until **April 01, 2024**	Early registration with 10% discount to normal fee: Submission of full paper, together with all the required documents
April 15, 2024	Notification of acceptance.
April 22, 2024	Camera-ready version of the early accepted papers
Until **May 01, 2024**	Early payment due
Until **June 02, 2024**	Normal registration: Submission of full papers, together with all the required documents
June 11, 2024	Notification of acceptance.
June 16, 2024	Camera-ready version of the accepted papers and fee are due using normal fee mentioned below.
June 27-28, 2024	Conference days

REGULAR PAPERS

These are requested in all areas consistent with the conference topics. Authors are asked to submit their original work by uploading it on the conference website the full papers of minimum 4 pages length in electronic form.
Authors are requested to clearly point out - at paper submission and e-mail correspondence, *the name of the topic* to which their paper is submitted to (e.g., Environmental issues).

PAPERS PUBLISHING

The papers should be written in the IEEE-Template-styles format for publication on the ECAI Proceedings (ISSN 1843 – 2115). The ECAI Proceedings will be submitted to the IEEE Xplore® database and also to be evaluated and included in the ISI Web of Knowledge database.
Extended version of selected papers presented to the ECAI'20 will be free published in IEEE journals with subscription (without open-access), but also in other journals (open-access with 10-50% discount) of our publishing partners (all indexed in ISI WoS), after these papers will be 60% extended and reviewed as normal.
